INTRODUCTION

PLACE: EARTH
TIME: YEARS PAST THE MILLENNIUM

It is a few years past the Millennium and Dr Dex Zeng is INFURIATED.

As a former high powered **GOVERNMENT AGENT** with his nose in many areas (including the **SEEDY** and **LICENTIOUS** New York **UNDERGROUND**), as well as a renowned radical scientist and professor in Theology, Dr Dex Zeng **TRULY** believed the end of the world would come by the **YEAR 2000**.

EVENTS occurring toward the turn of the century confirmed to Dr. Zeng that the year 2000 would bring **ARMAGEDDON**. The signs were clear! Zeng was so sure, in fact, that he even convinced many of his ex-employees (who happened to be prominent members of local militias) that this was fact and they helped him prepare for this almighty **CONCLUSION**.

Zeng is like a better functioning idiot savant. He is brilliant in what he does. He sets his mind to a goal and achieves it – no matter what.

Over the years, Zeng has developed a **MEGALOMANICAL** complex that many suspect may have been caused by the use of **SYNTHETIC DRUGS** he's made for the government and tested on himself and other family members.

Like the few megalomaniacs in history, he actually thinks he is the **KEEPER** of the **EARTH**. The Father Nature, the Chosen One. He feels that anyone in his **PRESENCE** should bow before him **AS THOUGH** he **WERE** a god.

When the **MILLENNIUM** hit us at 12:01 am January 1, 2000.....

NOTHING HAPPENED!

Filled with outrage intensified by those who surround him, Dr Dex Zeng insists that **SOMETHING WENT WRONG**.

He knows from his years and years of reading, teaching and hypothesizing that **IT WAS SUPPOSED TO HAPPEN**.

Fortunately, Dr Zeng had a plan in **CASE** something like this did happen.

He is prepared to **FIX** the Apocalypse – to **FORCE** it – to **CORRECT** the malfunction.

And the scary part is – **HE IS ONE OF THE VERY FEW WHO CAN MAKE IT HAPPEN!**

Dr Zeng now believes that it is HIS JOB, to, **AT ANY COST – END THE WORLD**. With the help of biological warfare devices and several militant followers, as well as his connections in the Underground, it shouldn't be difficult.

BUT, one of Dr. Zeng's lab assistants, Snapper, decides she can no longer stand this man's corruption and calls on a friend to help in stopping him.

With this act she helps bring together what will be known as one of the most **VOLATILE TEAMS EVER CREATED!**

IT'S TIME TO END –-- THE END OF THE WORLD

CHARACTER PROFILES

Snapper has contacted a rough and ready Private Investigator who is well known for her dealings with the city's underbelly. Mace is one hot woman with a taste for blood as well as desire. She's the one who teases and taunts you just before she takes you out.

Mace Daniels has heard of Dr Zeng through Snapper and can't believe what she's hearing. She never thought of Dr Zeng as dangerous but then again, she hasn't exactly been paying attention to him.

She believes the freaked-out Snapper and sees this as an opportunity to get some of the things she loves most – danger, fame and fortune.

Mace is beautiful – kinda' like Lara Croft.
She's not brash or loud or annoying. She would purr to her assailant rather than say, "Hey punk!" Mace is a woman aware of her sexual magnetism. Yet, she couldn't care less about men. She is always being pursued without giving ANYONE the time of day.

This, coupled with her array of martial arts and weaponry skills, make her a fighter who is the envy of men and women alike.

A vigilante now, Hawk Manson was once a freedom fighter for all the social wrongs in the world. Well, nice guys finish last, and Hawk learned that lesson all too well.

He has run into Mace several times and though the two are acquainted, they have never spent any real time together. Hawk has seen Mace fight and this is the one thing that stirs him inside like nothing else. When Mace approaches him for the job – by pinning him to the ground, smiling a sexy smile and telling him that she needs his help, Hawk is DEFINITELY stirred!

Hmm...there's some sort of chemistry here, but both are too headstrong and stubborn to admit it.

Hawk has several jobs at any given time, but he takes on this job because it is his chance to get closer to the elusive Mace Daniels. In addition to that, he also took the job because it is the first job in a long time that is tinged with a bit of "goodness".

After Hawk Manson agrees on bringing Dr Zeng down, he heads to one of the world's most dangerous prisons to find Ben (Smasher) Jackson.

Ben Jackson has been serving multiple life sentences and the prison is very fond of him. You see, they've been renting Ben Jackson out. The public doesn't know it, but it cuts down inmate deaths and above all, it brings the prison a wad of money every time he gets sent out.

The Prison's number one and repeat client of Ben's is Hawk Manson. Hawk has been bribing the prison for years. He wants Ben to be set free and made the bargain to "contract" Ben 15 times. Sorta like "Rent to Own".

Only a few problems: Ben is like a loose cannon. He smashes EVERYTHING in sight. His temper is immeasurable during heated times and you never know if he'll turn on YOU next.

Alana is a raver. She spends her nights dancing away and most of her days with little sleep while she goes to school. The semester is over and Alana is raging at all the cool warehouse parties where she hangs with her friends.

Alana has been planning on putting an end to Dr Zeng ever since he tried to experiment on her with drugs he had created.

We find out that Alana is Dr. Zeng's illegitimate daughter. Not out of vengeance, but RESPONSIBILITY, does she decide she must find some way to stop her stepfather from doing this to others.

When Mace comes to her and asks for her help, Alana is overjoyed. A little too overjoyed. Mace wonders if Alana, at her young age, really understands how dangerous this is. Believe me, Alana knows. It's just not her style to get serious until she's kicking butt and believe me, some heads will CRACK!

This crime boss has his name suddenly on everybody's lips. It appears as if Dr. Zeng is up to no good, but what is he doing? It seems Dr. Zeng is trying to destroy the world as we know it. What he is really doing is still a little bit of a mystery, but it does involve some low down dirty tricks!
