Captured by Illusion!

It's a lovely day in Vera City. The sun is shining, the birds are singing, and the sweet fragrance of the flowers fills the air.

Mickey and Minnie are happily dancing in the meadow. But suddenly, thick, gray clouds cover the sun, and the birds fall silent. A musty odor overcomes the pleasant fragrance of flowers. Mickey glances up to see a witch on a broom hovering above him! It's Mizrabel, the evil witch who is jealous of Minnie's beauty! Her bony fingers clench Minnie's arm!

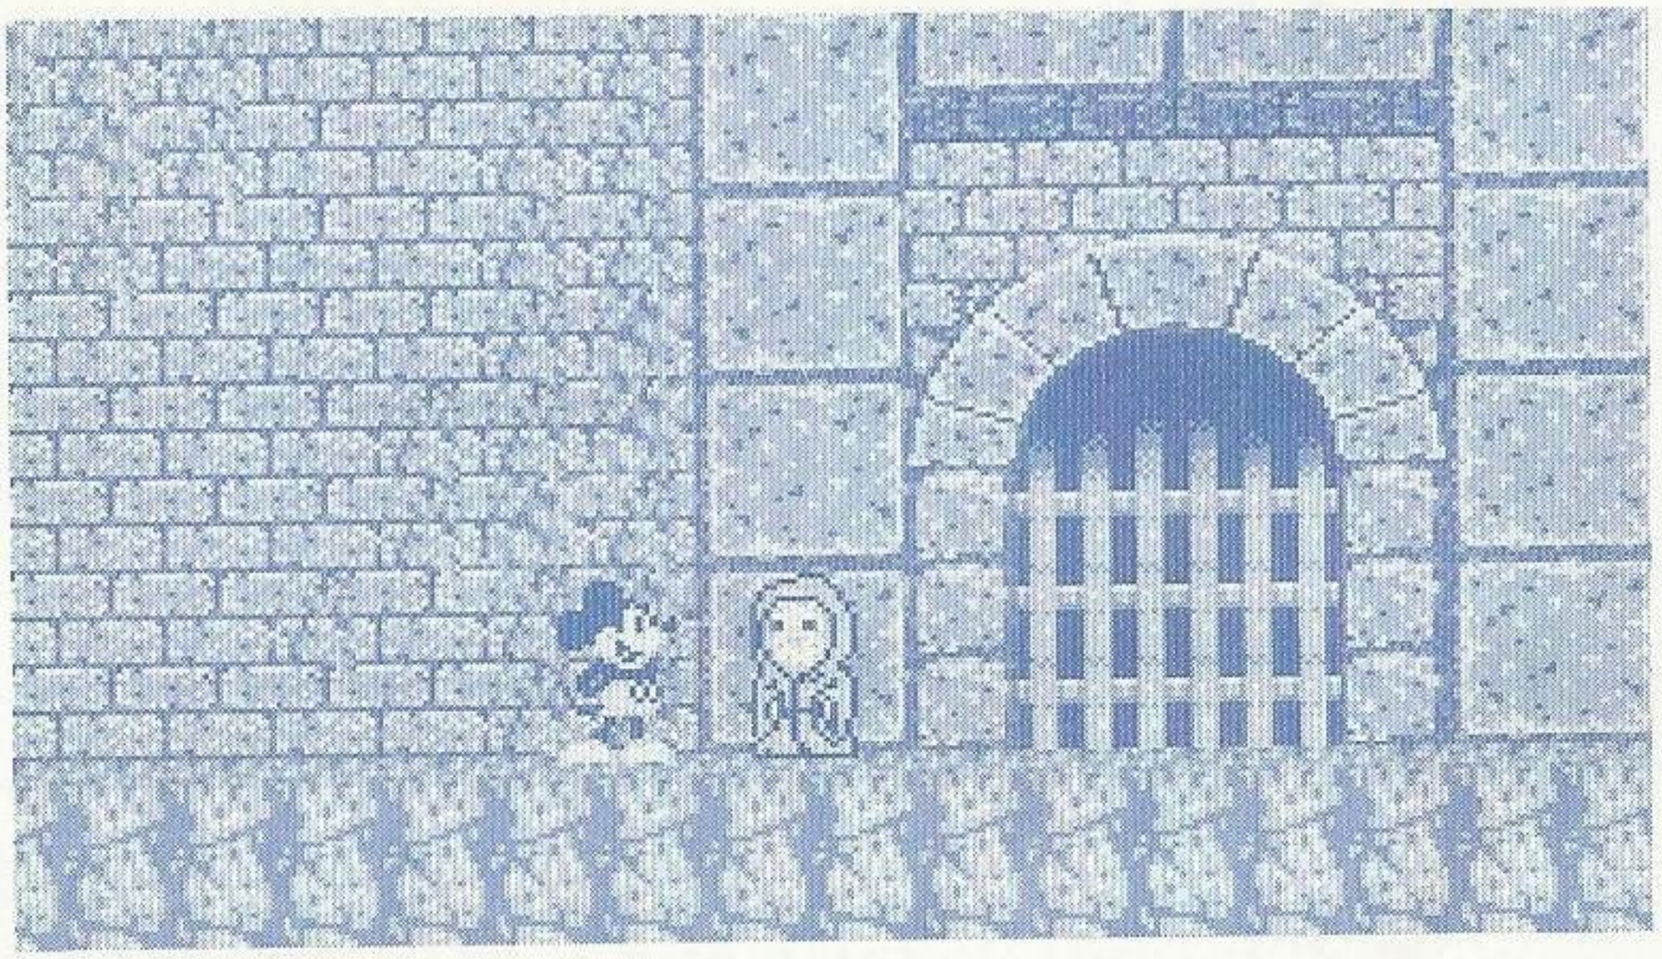

"This pretty thing is coming with me!" she shrieks. "Hee-hee-hee-hee-heee!" And away she flies with Minnie.

Mickey chases the fleeing witch through the forest and past towering mountains. Finally he reaches the Castle of Illusion, perched on a high, craggy cliff. At its gate, he meets an old man, bent over with age.

"You must rescue Minnie before it's too late!" says the old man. "Mizrabel is going to take Minnie's beauty for herself. She'll make Minnie look mean and evil, just like her! You can defeat her only if you have the seven Gems of the Rainbow."

"Where are those gems?" asks Mickey.

"You'll find them in the castle," the old man replies, "but they are guarded by the Masters of Illusion. They have created strange worlds and bizarre creatures to keep you from reaching Minnie. You must be careful!"

Mickey thanks the man and hurries through the gate. In the castle, Mickey opens every door to every room. Each door leads to a different world of illusion.

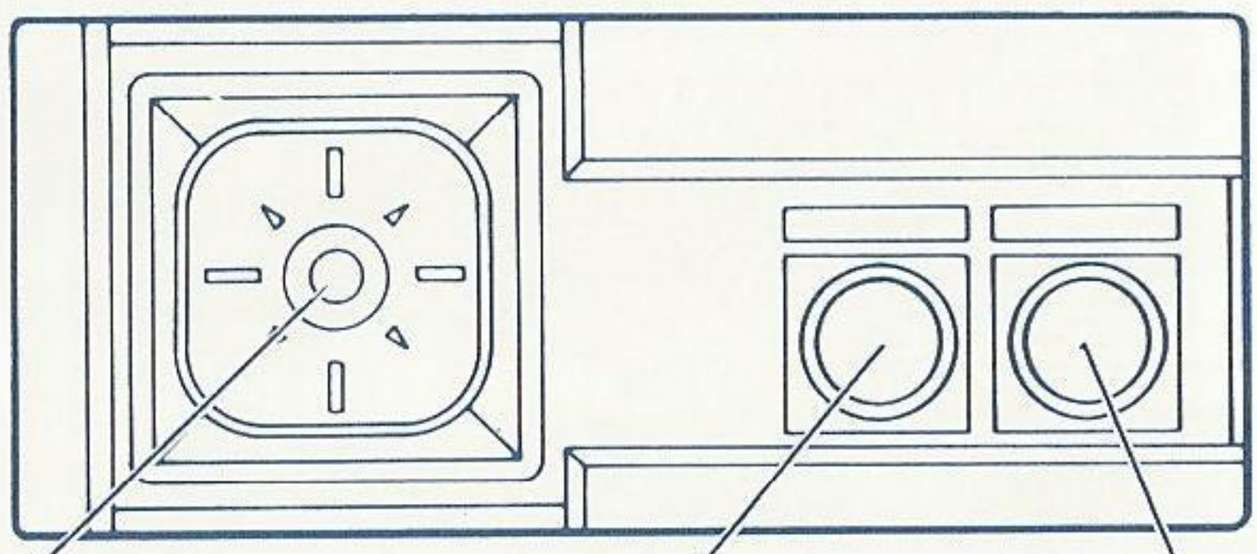

Can Mickey find the seven Gems of the Rainbow in time to rescue Minnie? It's up to you! Wander through creepy caves and dark dungeons. Splash into a cup of tea and leap across frosty ice cream swirls! Knock down chocolate chips, juggling clowns and crawly caterpillars with Mickey's bounce attack.

Minnie needs your help! Hurry!

How's Mickey Doing?

Mickey enters the Castle of Illusion with three chances to rescue Minnie. In the castle, he finds himself in front of three wooden doors. Behind each door are mysteries, enchantments and illusions! Follow Mickey through one of the doors. . .

. . .and as you play, keep an eye on the meters at the bottom of the screen. They'll show you how Mickey – and you – are doing.

1. Power Gauge shows how much power Mickey has left. Every time he gets bonked or accidentally runs into an enemy he loses some power. If he loses all his power, he loses one try.

2. Tries shows how many chances Mickey has to get through the entire game. He starts with three tries. If he loses them all without finishing a level, the game is over.

3. Score shows how many points you've earned so far.

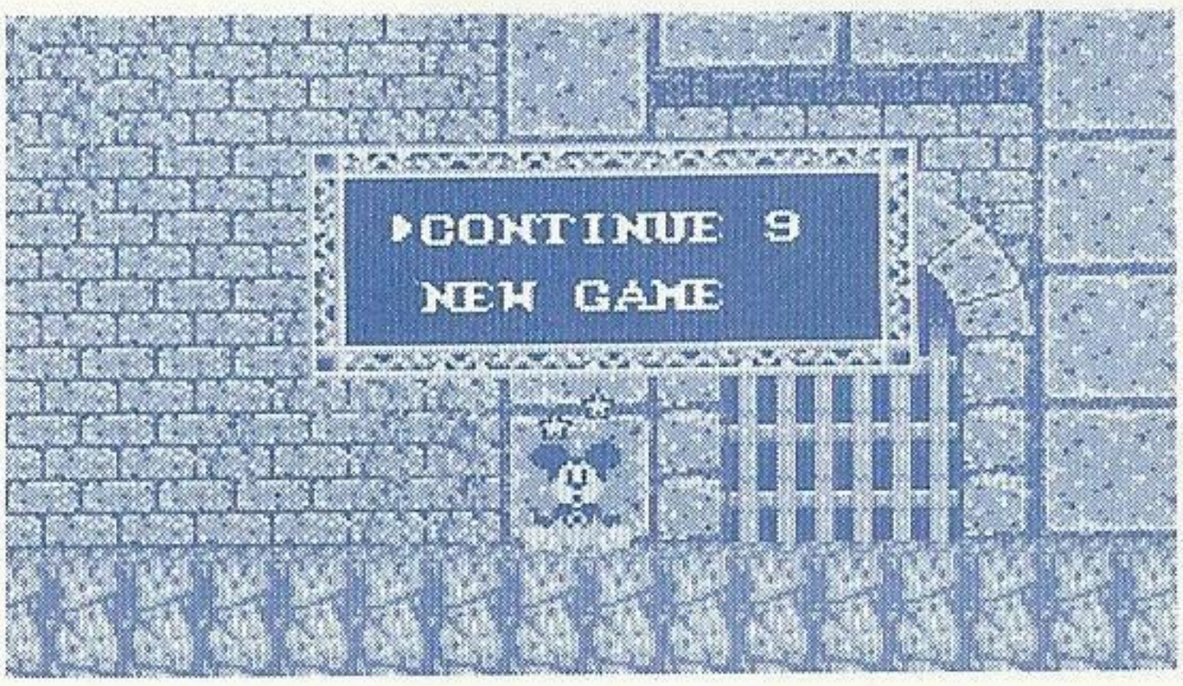

4. Time shows how much time you have left to complete the game. When the timer reaches zero, you lose one try.

End of Game. . .

When Mickey loses all his tries, the game ends. But Mickey's determined to try again.

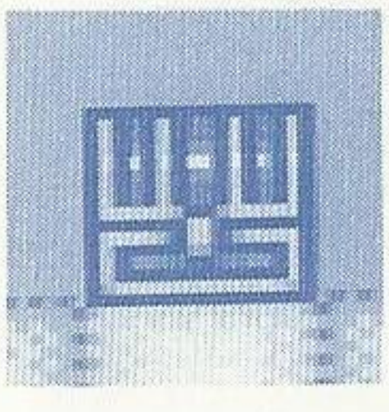

. . .and Continue Game

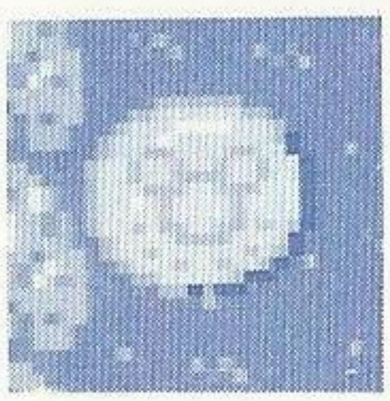

Mickey can continue up to nine times. Select Continue and press Button 1 or 2. You return to the game from the scene where Mickey enters the castle gate. You can challenge the same level or try another level. Your previous score will not be saved. If you don't want to continue, select New Game and press Button 1 or 2. The game will start over from the Story screens.

Power Stars Add an extra power star to the Power Gauge.

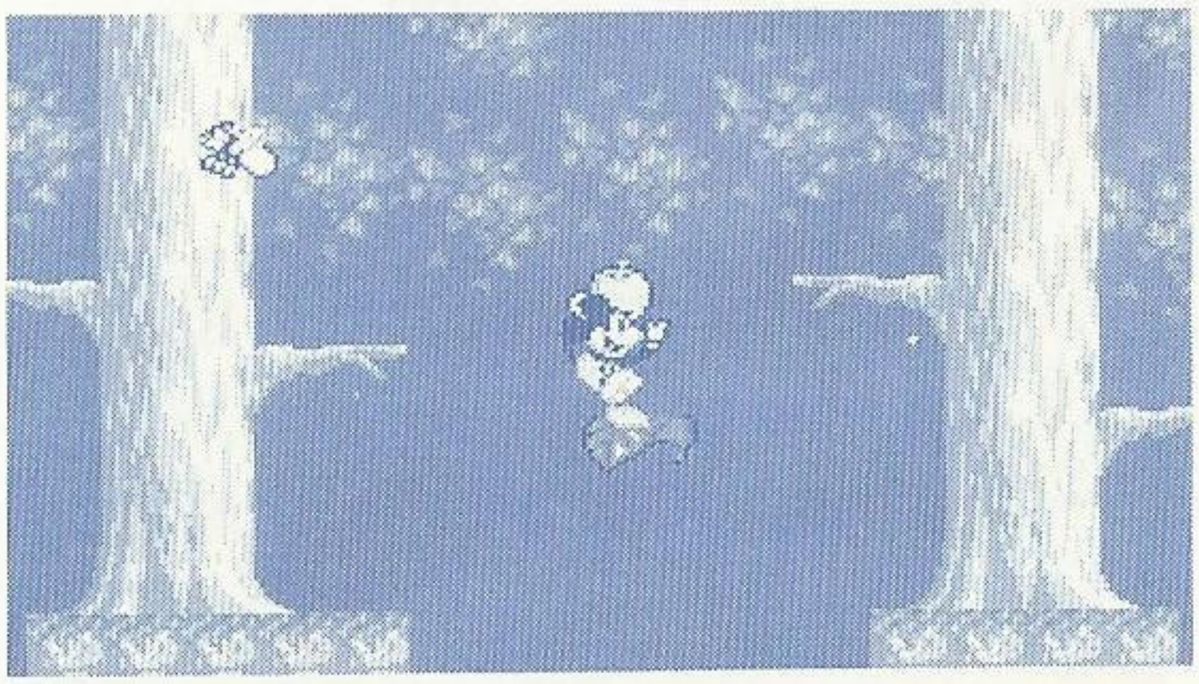

Gems Collect all seven of these to rescue Minnie.
