HANDLEIDING

ATLANTIS

The ancient city of Atlantis is under siege. Gorgon vessels fill the sky . . . a cry reaches every citizen — "Defend Atlantis, Now!"

Game Objective

★ 1 player must blast the Gorgons before they demolish Atlantis.
★ Game ends when all 6 sections of Atlantis have been leveled.
★ Insert cartridge, label facing keyboard, into the slot on the console. Turn power on.
★ Use the left joystick controller.
  ★ Hold controller with red action button in upper left hand corner. Press to fire.

Pick Your Game

Select one of 4 skill levels:
★ Easy: Lean joystick right or press red fire button.
★ Medium: Push joystick up.
★ Hard: Lean joystick left.
★ Expert: Pull joystick toward you.
★ To begin, press red firing button.
★ To play same game again, press red button on left controller.
★ For a new game, press RESET and select skill level.

Game Play

★ Your 2 Sentry Posts guard either side of the city. They cannot be destroyed.
  ★ To fire left or right, lean joystick left or right and press red firing button.
★ Once a Sentry Post has been selected for fire, it remains selected after the joystick is released.
★ The Domed Palace projects a force field that protects the other four Atlantean installations. As a result, the Gorgon death ray must demolish the dome and then the palace before the rest of Atlantis becomes vulnerable to attack.

Secret Weapon

The Blitz Bomb! It can destroy a sky full of Gorgons.

★ To fire: push joystick forward.

★ Gorgon vessels will instantly disintegrate!

You receive only 1 Blitz Bomb per wave. 8 beeps will tell you when a wave ends.

Scoring

Points	Requirements
250	For each Gorgon ship destroyed.
1000	For each part of Atlantis that survives a wave of Gorgon assault.
A Bonus Domed Palace	At every 10,000 point mark you reach up to 100,000, and at every 100,000 point mark you reach up to 1,000,000.

★ You earn no points for Gorgon Ships destroyed with the Blitz Bomb.
